### OUR GUARANTEE

We guarantee all of our nursery stock to be just as represented in our catalog, fully up to grade, of good quality, free from disease, and absolutely true to name; also to reach the customer alive and in perfect growing condition. Furthermore, we will at our option either replace free of charge or refund purchase price of any stock that arrives in bad condition, provided claims are made 10 days after arrival, accompanied by a signed statement from the express agent or postmaster at destination, showing extent of loss or damage. After 10 days, it is mutually agreed that stock is satisfactory. Do not return plants unless so instructed by us.

Remember, trees, plants and vines are living things, and subject to attacks by insects, drought, and disease. Continued growth depends upon soil, climatic conditions, planting and care—conditions we cannot control—hence is not guaranteed.

It is mutually agreed that in any event we will not be liable for more than the purchase price of the stock. It is understood and agreed between the customer and ourselves that the purchaser's order, and our acknowledgement of its receipt, shall constitute a mutual acceptance of the above terms and conditions.
